

CORONA VIRUS

COVID-19 / 1.2.2022

INFORMATION AND REQUIREMENTS FOR OWN EMPLOYEES, SUPPLIERS, CUSTOMERS AND CUSTOMERS' SUPPLIERS

In connection with the authorities in Denmark as of February 1st 2022 having removed virtually all restrictions regarding Coronavirus / COVID-19, we ask all employees, customers, suppliers and customers' suppliers to continue to exercise responsibility - both in relation to themselves, colleagues and other surroundings.

This is done, among other things, by continuing to follow the authorities' 6 pieces of advice. These can be read in both Danish and English at www.sst.dk/en/English

The 6 recommendations from the authorities are:

- Get vaccinated.
- Stay at home and get tested if you experience symptoms.
- Keep your distance.
- Open windows and doors and ventilate your home regularly.
- Wash hands frequently or use hand sanitize.
- Clean thoroughly and regularly, especially surfaces that are touched by many people.

Entry restrictions to Denmark:

For all foreign inspectors, representatives, business travelers and migrant workers entering from abroad to Orskov Yard, the authorities' travel restrictions apply, which can be found at <https://en.coronasmitte.dk/travel-rules/covidtravelrules>

Tests

Orskov Yard recommends that all new arrivals, be Corona tested before arrival at the yard and for longer stays, be tested at least once a week.

Suspicion of Corona infection

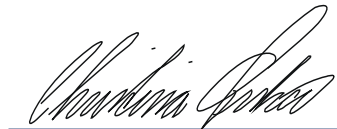

If infection with the corona virus is suspected, a negative test must be shown before access to Orskov Yard's area can be allowed.

All questions can be directed to the management.

Best regards
Orskov Yard A/S
